JavaScriptDesigning Webbased Training How To

Ten tips for designing successful Web-based training. 1. Make sure the content has value. 2. Make the technology invisible. 3. Make the personal investment considerable. 4. Make yourself accessible to end users. 5. Chunk material into small bites.

Ten tips for designing successful Web-based training ...

Designing Web-Based Training comprehensively teaches just what the title suggests, distilling the design experience of hundreds of hours of CBT/WBT. It will not take you to the cutting edge of web technology (which changes too fast, so no book will), but you will emerge with a rock-solid foundation.
