Foreign relations of the European Union - Wikipedia

International trade is the exchange of capital, goods, and services across international borders or territories.. In most countries, such trade represents a significant share of gross domestic product (GDP). While international trade has existed throughout history (for example Uttarapatha, Silk Road, Amber Road, scramble for Africa, Atlantic slave trade, salt roads), its economic, social, and ...

International trade - Wikipedia

The Expansion of International Trade. Trade in Europe in the early Middle Ages continued to some degree as it had under the Romans, with shipping being fundamental to the movement of goods from one end of the Mediterranean to the other and via rivers and waterways from south to north and vice versa. However, the extent of international trade in this early period is disputed among historians.
