Simply Marketing Communications by Chris Fill

The flow of communication in profile

strategy (Fill 2013) It is of the utmost

importance for marketing managers to

understand who the intended audiences are,

their level of priority and which strategy

they fall under. As we discussed last week,

all communications should be integrated but

that doesn't mean different strategies

don't apply.

Week 6: Marketing Communication Plan

Fill, considers marketing communication as

a management process through which an

organization interact with its audience in

a one-way, two-way or dialogic way. (Fill,

2006) Kotler, Armstrong and Fill use the

classical communication mix framework (See

figure 1) for their analysis of used

marketing communication mixes.

Kotler And Armstrongs Marketing Communication

Providing a critical insight into how

brands engage audiences, Fill and Turnbull

continues to be the definitive marketing

communications text for undergraduate and

postgraduate students in marketing and

related fields. The eighth edition, which

contains two new chapters, reflects the
