Observations on film is an on-going documentary photography series which explores the nuances of the city environments of London and New York. This series also includes an accompanying essay. David Hammons ' African-American Flag (1990) at Studio Museum Harlem

Observations on Film — Marie Smith

Observational documentary is probably the most analyzed mode of all the types of documentaries. The form is also referred to as cinema verit é , direct cinema or fly-on-the-wall documentary. Observational docs strive for cinematic realism.

The six primary types of documentaries - Videomaker

Academy Award-winning director Errol Morris turns his eye to the nature of truth in photography In his inimitable style, Errol Morris untangles the mysteries behind an eclectic range of documentary photographs. With his keen sense of irony, skepticism, and humor, Morris shows how photographs can obscure as much as they reveal, and how what we see is often determined by our beliefs.
