When the body of John Harmon turns up in the Thames, an illiterate dustman named Noddy Boffins unexpectedly inherits Harmon's unclaimed fortune. Boffins's good luck seems fitting since Harmon's father--the notorious London miser Old Man Harmon--became rich through the dustman business, essentially garbage collection. The newly upwardly mobile Boffins and his wife, also a loyal servant of Harmon's miserly father, struggle to fit in with the monied class. At the same time, the couple attempts to aid those less fortunate than themselves, an effort that tests their moral compass. Soon Noddy begins to take on the penny-pinching tendencies of his benefactor. Our Mutual Friend (1865) offers satisfying twists and turns on the Victorian rags-to-riches story as it expertly weaves together one of the author's most important themes,

newfound wealth and the seismic shifts of social circumstance that accompany it. These five astonishing stories, along with two compelling essays, show Bolano as a magician, pulling bloodthirsty rabbits out of his hat. The stories in The Insufferable Gaucho — unpredictable and daring, highly controlled yet somehow haywire — might concern a stalwart rat police detective investigating terrible rodent crimes, or an elusive plagiarist, or an elderly Argentine lawyer giving up city life for an improbable return to the family state on the Pampas, now gone to wrack and ruin. These five astonishing stories, along with two compelling essays, show Bolano as a

New Grammar of the Spanish Language

This is a poetic translation of Luis Gongora y Argote's "Polifemo" "y Galatea," a major work by a major poet of the Spanish Golden Age. The main body of this English version consists of prose paraphrases of the English poetic text and an analytical commentary that accompanies the actual poetic text it reproduces faithfully both content and the form of the "ottava rima" of the Spanish original."

Welcome to the tyrannical city of Jewel, where impatience is a sin and boldness is a crime. Goldie Roth has lived in Jewel all her life. Like every child in the city, she wears a silver guardchain and is forced to

obey the dreaded Blessed Guardians. She has never done anything by herself and won't be allowed out on the streets unchained until Separation Day. When Separation Day is canceled, Goldie, who has always been both impatient and bold, runs away, risking not only her own life but also the lives of those she has left behind. In the chaos that follows, she is lured to the mysterious Museum of Dunt, where she meets the boy Toadspit and discovers terrible secrets. Only the cunning mind of a thief can understand the museum's strange, shifting rooms.

Fortunately, Goldie has a talent for thieving. Which is just as well, because the leader of the Blessed Guardians has his own plans for the museum—plans that threaten the lives of everyone Goldie loves. And it will take a daring thief to stop him. . . . Museum of Thieves is a thrilling tale of destiny and danger, and of a courageous girl who has never been allowed to grow up—until now. No stone is left unturned in the search for his old pal Gurb. Will Barcelona survive this alien invasion? Will the captain ever find his subordinate? Are there enough churros in Barcelona to satisfy his intergalactic appetite?

"The Narrative of Arthur Gordon Pym of Nantucket" is the only complete novel written by American writer Edgar Allan Poe. The story was inspired by a newspaper account of the shipwreck and subsequent rescue of the two men on board. Poe developed the story into a tale of the young Arthur Gordon Pym, who stows away aboard a whaling ship called the Grampus. Yet, it's not the mere adventures that make this book a literary masterpiece. Poe imbued his tale with allegorical richness, biblical imagery, and psychological insights. This novel has influenced numerous writers, including Melville, James, Verne, and Nabokov.

In this impressive 'verse legend' Espronceda creates an original interpretation of the famous Don Juan legend whereby he produces a Romantic 'counter-text' which gives voice to what we now recognise as a central part of the modern philosophical condition: the Romantic vision of an all-pervasive cosmic injustice. Professor Cardwell, in his introduction, shows how in the person of Felix de Montemar, Espronceda has created one of Europe's first rebellious literary heroes, standing alone, noble and defiant, in the face of all the evil and pain in the world. Thus Espronceda takes his place alongside other major European Romantic writers; Byron, Lermontov, Heine, Vigny, Leopardi and Mickiewitz; expressing, as they do, man's existential protest, noblest ideals and his modern sense of human condition which directly informs our own twentieth century literary achievements. Davies' meticulous translation of this poem, mirroring the metrical and stylistic virtuosity of Espronceda's original, presents it for the first time to English readers, since its composition 150 years ago.
