Improving health worldwide The London School of Hygiene & Tropical Medicine is renowned for its research, postgraduate studies and continuing education in public and global health. LSHTM has an international presence and collaborative ethos. It is uniquely placed to help shape health policy and translate research findings into tangible impact.

The Diploma in Tropical Medicine and Hygiene (DTM&H) is essential for those wishing to work for MSF as a doctor, unless they have significant experience working in tropical medicine. The RCP accepts applications to sit the DTM&H examination from candidates who have completed, or are about to complete an approved Tropical Medicine course.

Introduction. The Study Course Tropical Medicine & Hygiene prepares medically qualified students for the DTM&H exam set by the Royal College of Physicians (RCP) in London. Applications for September 2020 are now closed as the course is full - Applications for September 2021 will open on the 19th of April 2021.

The Diploma in Tropical Medicine consists of four modules. The course is accredited by the American Society of Tropical Medicine and Hygiene. With this accreditation, participants who complete the course are eligible to apply for the ASTMH Certificate of Knowledge Examination (provided additional examination application criteria are met). This examination assesses and recognizes individual excellence in training and knowledge in clinical tropical medicine and travelers' health.
